Overview

: U`9bfc`a Ybh`C jYf jYk

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time student retention rates and the student-to-faculty ratio are collected. Every other year data on residence of first-time undergraduates is required and in opposite years, enrollment by student age is required to be reported.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

8U`U`FYdcfh]b[`FY a]bXYfg.

- Institutions must continue to report using the new race/ethnicity categories.
- Institutions must continue to use the new postbaccalaureate degree categories (eliminating the first-professional category and reclassifying those programs). All postbaccalaureate students are to be reported as graduate students for enrollment purposes, including any doctor's-professional practice students (formerly first-professional).
- Part B, Enrollment of students by age, is **fYe i]fYX** this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is **cdh]cbU`** this year.
