Screen Entry	The amount reported is outside the expected range of between 25,973,090 and 77,919,270 when compared with the prior year value. Please correct your data or explain. (Error #5301)	Explanation	Yes	
Reason:	Florida legislative changes led to university direct-support organizations converting from FASB to GASB. USF Financing Corporation's conversion to GASB changed the accounting relationship between the Financing Corporation and the University from a conduit relationship accounted for in due to/due from transactions to a capital lease relationship pursuant to GASB Statement No. 62. As a result, capital lease liabilities were recognized on the University's books.
