

Section I - Graduation Rate - Establishing Cohorts

7c\cfh'fYj]g]cb

The Initial Cohort is comprised of the number of first-time, full-time undergraduate degree/certificate-seeking students, as they were reported in Column 1 of the 2004 IPEDS Enrollment survey

Institutions are permitted to make revisions to the initial cohort. The revisions can be either:

1. An actual change in the number of students in the cohort due to cohort-eligible students that were previously omitted from the initial cohort
2. A reclassification of students within gender or racial/ethnic categories with no actual change in the cohort total

No revisions should be made for anyone who dropped out, transferred to another institution, or became a part-time student.

The table consists of 15 rows and 6 columns. The rows are grouped into four sets of three rows each, with a single row at the end. The colors of the bars are as follows:

- Row 1: Solid blue bar.
- Row 2: Light blue bar.
- Row 3: Orange bar.
- Row 4: Light blue bar.
- Row 5: Light blue bar.
- Row 6: Orange bar.
